## Oklahomans For Life - LEGISLATIVE ALERT

May 4th, 2009

**Urge that funds be made available so that HB 1595 can become law; Email legislators now**

The principal pro-life priority for this legislative session, HB 1595, **is in danger of dying in a conference committee** because of the cost estimate from the Health Department for implementing the law. **HB 1595 is the abortion-reporting bill** which will also prohibit sex-selection abortions in Oklahoma.

Please ask Oklahoma legislators to **make the funds available** so that abortion clinics will be required to report abortions and abortion complications. HB 1595 will also ensure abortion-facility compliance with existing abortion statutes. (The estimated cost of the reporting program is \$280,000 in a state budget of more than **six billion** dollars.)

Please send an email immediately to [prolife@okforlife.org](mailto:prolife@okforlife.org). Ask legislators to **make HB 1595 a priority**. Ask them to free up the funds for this pro-life bill. HB 1595 was the total focus of Rose Day, the pro-life lobbying day at the Capitol the first week of session in February. The **sustained support of pro-life legislators is needed now** to help HB 1595 become law.

"Safe, legal, and rare" is the way abortion is often described. This bill is needed to measure the accuracy of that claim. Complications from abortion, especially, are seldom reported, and the extent of the damage abortion does to women's health is not known.

**Please send your email now** to [prolife@okforlife.org](mailto:prolife@okforlife.org) to help Oklahoma learn the truth about abortion. Thank you for your faithful defense of the unborn child.

Tony Lauinger  
State Chairman, Oklahomans For Life
