Oklahomans For Life - LEGISLATIVE ALERT

February 11th, 2009

**Committee to consider key pro-life bill
Tuesday;
Ask committee members to support HB 1595**

House Bill 1595, the major pro-life bill we are working to enact this year, faces its first challenge on Tuesday in the Public Health Committee of the Oklahoma House of Representatives.

Please send an email to the committee members at housepublichealth@okforlife.org. One click will reach the members of the Committee. Please ask them to **support HB 1595**. Their approval is required in order for the bill to reach the floor of the House for a vote.

This abortion-reporting bill will measure the prevalence of abortion in Oklahoma, the reasons abortions are sought, and the complications that result. The bill will also monitor compliance with our existing abortion statutes, and will prohibit abortions performed for purposes of sex-selection.

The authors of HB 1595 are Representative Dan Sullivan and Senator Todd Lamb. This bill is our principal priority for the 2009 legislative session.

Thank you for contacting the members of this key committee. Their support for this vital pro-life bill is the necessary first step without which the bill could not become law.
